July 2024

Freedom isn't free at all, that it comes with the highest of costs. The cost of blood.

Lena Heasley

We can never give thanks enough for those who have given their service and their lives, and to their families, so that we live in freedom and peace. God bless each and every one.

As we celebrate freedom, rejoice in the **ultimate freedom bought with the most precious blood of Christ.** Hallelujah! And thank you Lord that this most costly gift is for everyone, everywhere who simply believes in what You have already done. Let us boldly share the Good News, the Love of Christ, and also let us do good in His name and through His power and provision, giving Him all the Glory. We humbly thank each of you for partnering and being the hands and feet of Jesus to the desperately poor in Haiti and for all the truly life-changing gifts of love and hope.

## Crisis Update (from BBC News 06/26/2024)

400 Kenyan troops have arrived in Haiti and interim Prime Minister Garry Conille has vowed to end lawlessness. *“Working with Haitian police, and headquartered at a US-built base, the Kenyan officers will aim to take back key sites that have fallen under the control of gangs, including the nearby airport and sea ports. Haiti has not had an election since 2016. So elections are to be organised within a year, and to allow that to happen, the Kenyan-led mission is being tasked with restoring security. Their deployment has been authorised for one year, with a review to be held after nine months.”* Our friends are so encouraged and please continue to pray for them, these troops and even the gang members that they might turn to God.

## Church Building Project

Yay! A U-shaped balcony and stairs were completed recently to protect the faithful worshipers from rain and hot sun, just in time for Mother's Day end of the month. Hopefully, more will partner to add the upper walls and roof soon. It's impossible to physically go there and build, but wouldn't it be awesome to have a **virtual mission trip**....raise funds here and watch them make it a reality there! For this and other mission needs 😊

**Clinic Update** Each month, we are funding the medical clinic in Montrouis, paying 2 doctors, nurses and staff, and providing medicines.

**A pressing need now is replacing solar batteries.**

***Your help is needed to keep this lifeline open. Be part of the answer their prayers.***

So thankful to see these supplies being stocked!

Look at this photo of the lady giving praise for the help her family is receiving. Hallelujah!

This little family suffered a senseless tragedy. The dad was killed by his own brother over a piece of land. They had to flee and have lost their husband, father, provider and protector and home. Our mission is immediately helping with food and clothing and has rented a house for them. *Because of all that partner, this family is experiencing love and hope from Jesus that will resonate with them forever.*

This little girl's mother passed away. Esdras is hoping to get permission for her to live in our wonderful children's home where she will be so loved

*We recently helped a desperate mother have a C-section. The mother's life was saved, but sadly, her baby boy passed to the arms of Jesus. This is the first time in so many births we have assisted. Please pray for her.*

**Praise Report!**

A recent praise report of unknown but answered prayer was for a family with a baby trapped in Port Au Prince for months. They ran out of food and ate **boiled leaves** for days. The baby had no milk. Our mission helped them with both, Hallelujah!

This photo is Esdras helping people with food. It is so dangerous and expensive to buy. His life has been threatened many times. He's a true servant.

Dr. Max shared that last week, his own family's food was stolen by gangs after it was purchased so they lost their food and their money. And gangs have many roadblocks where they extort a lot of money.

*Aren't these chickens a beautiful sight! One of the young boys in our Children's Home wanted to raise them and we are beyond proud of him.*

Esdras and his wife, Develine, consider each child in the Home as their own, and each is loved, encouraged, and nurtured. Esdras has them participate in sharing the Gospel and Love of Christ in our mission work whenever possible to instill being a servant of Jesus. 

Just want to leave you with personal accounts of how desperate it is in Haiti. Dr. Max shared one uncle has cancer of the throat. He could not breathe, so Dr Max took him to the Dominican Republic in September. He received a trach, but no cancer treatment due to cost. He fell and broke his hip ball off *in February* and only been treated for pain since. *The hip ball is still in there broken off.* His cancer is now in final stages and nothing more the doctors can do for him. He will ride flat 6 hours to the border, be removed and physically carried across the border and endure another 6 hours to Montrouis. Once in Haiti they will stop and pay gangs many times. His other uncle has terrible diabetes and was in a coma. He came out but has terribly high and low readings for weeks. Many times, there is no insulin to be found. Life is so very hard. Even today, Esdras said this: *"The pain is too much down here. When that day arrives to leave this earth, it's will be a glory day for us who are in Christ"* *Please remember them all in your prayers*

We hope you see how appreciated and needed your partnership and prayers are! With much love,

 *The Bauknight Family* *The Bauknight Family and all of us at Acts1Eight*

If you would like to partner, you can set up a gift thru your online banking system, thru our website or Facebook (see letterhead) via PayPal or text 4HAITI to 44321 and make a single or recurring donation.

*All donations are strictly used for mission purposes. Neither we nor our board members are compensated in any way*
