September 2024

Hello to you and yours! We are so thankful for you and your prayers and support. It is truly incredible to see how our Wonderful God put everything and everyone into place to provide for His sons and daughters in Haiti that are experiencing so much chaos and overwhelming difficulties. Esdras still tells me life expectancy is 24 hours by the grace of God. Thank you all for partnering together to give hope and change lives.

We have been asked a several times recently when we can go back to Haiti. The truth is, we don't know and are praying for the Haitian people who are simply trying to survive, and for peace and safety for them, also trusting we can be reunited in the future. I asked Dr Max, whose father is very sick, if he would go if he had the opportunity and his reply was "No mom. It is too dangerous. I would not put anyone at risk by trying to do that". We can't really imagine what they are dealing with every day.

Thankfully we are joined by the Holy Spirit that knows no boundaries! And every day, every month, together 2 orphanages are supplied, families, widows and orphans are cared for, emergency medical needs are being met and the Lord's name is lifted on high.

Our director, Esdras, participated in a medical clinic in the remote mountains and shared the Good News with them. He is such an inspiration.

It is always so encouraging to see his Facebook posts: 😊

***"I don't only believe in Jesus, my life also depends on him" August 9***

***"Start this week with a New hope, leave bad memories behind and have faith for a better tomorrow" August 27***

These photos are some of the medical emergencies Acts 1:8 provided for. The baby has been in the hospital over a week and is having trouble breathing. Please pray for baby Jacky.

Because of your gifts, the hungry are receiving food and hope. Thank you!!

We are hopeful school will begin in October. Thank you for anyone that helps sponsor children. Because of the danger, it has been extremely difficult to get photos and letters, and many times children are moving with their families to safer places and schools can't be open, but they and we are doing all we can.

We hope you are inspired and encouraged to be part of more smiles and see how appreciated and needed your partnership and prayers are!

With much love,
